PRODUCT INFORMATION

Organic BioLink Seaweed-29 is a foliar plant-food spray designed to correct potassium deficiencies and stimulate over-all plant vigor and growth.

Organic BioLink Seaweed-29 contains 4.5% soluble potash essential for a vigorous root system, improved plant growth and disease resistance as well as fruit and vegetable quality.

Organic BioLink Seaweed-29 is non-phytotoxic when used as directed and is compatible with most insecticide, fungicides, herbicides, and other fertilizers.

DIRECTIONS FOR USE
SHAKE WELL BEFORE USING.

Tree Crops – Apply 1 to 2 teaspoons per gallon of water *OR* 1 to 2 pints per acre per application. Dilute in water and apply to plant foliage every 3 weeks (21 days) or as desired throughout the growing season.

Field and Row Crops – Apply 1 to 2 teaspoons per gallon of water *OR* 1 to 2 pints per application. Dilute in water and apply to plant foliage or as a soil drench. Apply every 3 weeks (21 days) or as desired throughout the growing season.

Nursery and Container Plants – Apply 2 teaspoons per gallon of water *OR* 1 quart in 100 gallons of water per acre. Spray plant foliage to the point of run-off or apply as a soil drench. Apply every 3 weeks (21 days) or as desired throughout the growing season.

Use best management and cultural practice when applying Organic BioLink Seaweed-29. Use Organic BioLink Seaweed-29 as part of a complete crop management and full fertilization program.
