PRODUCT INFORMATION

Organic BioLink Seaweed-29 is a plant-food spray designed to correct potassium deficiencies and improve over-all plant vigor and growth.

Organic BioLink Seaweed-29 contains 4.0% soluble potash essential for a vigorous root system, improved plant growth as well as fruit and vegetable quality.

DIRECTIONS FOR USE

SHAKE VIGOROUSLY BEFORE USING.

Use best management and cultural practice when applying **Organic BioLink Seaweed-29**. Use **Organic BioLink Seaweed-29** as part of a complete crop management and full fertilization program.

Organic BioLink Seaweed-29 can be applied to all crops including fruit trees, vines, tree nuts, fruits and vegetables, field and row crops, ornamental trees, shrubs and flowers, containerized plants, and turf.

Foliar Application: Use ½ to 1 quart per acre. Dilute in water and apply to foliage every 21 days or throughout the growing season as needed.

Soil Drench Application: Use ½ to 1 quart per acre. Dilute in water and apply as soil drench every 21 days or as needed throughout the growing season.

Nursery & Container: Use 1 quart per 100 gallons of water. Spray plant foliage to the point of run-off, can also be applied as a soil drench. Apply every 21 days or throughout the growing season as needed.

Home & Garden: Use ½ to 1 ounce per gallon of water. Spray plant foliage to the point of run-off, can also be applied as a soil drench. Apply every 21 days or as desired throughout the growing season.

Compatibility: Always conduct a compatibility jar test before mixing **Organic BioLink Seaweed-29** with new products.

WARNING: Perform a phytotoxicity test on a small plot before large-scale application. To lower the risk of phytotoxicity, applications should be made early morning or late evening.
